

*Wrapping young women and families in support
from pregnancy through early parenting*

Blanket of Love

Blanket of Love goals are to improve birth outcomes of African American babies by teaching prenatal care, infant care and parenting skills to young pregnant, African American women and their families. The program is focused on African American women, but women of other cultures and backgrounds are also welcome.

Blanket of Love meetings create a community of support through a combination of a welcoming meal eaten together, an educational presentation and time for sharing with staff and other members. Prenatal education is provided to one group of women while another group of young parents work together to learn how to care for their infants. Child care is provided. Friends and family are invited to participate in all parts of the program.

Tuesdays, 5:30 – 7:00 pm
